ASCO Has Been providing educational and corporate office with learning solutions for close to 40 years. Customize your space with any combination of classroom and teacher spaces, computer workstations, and group tables for the optimum learning space. Simply call us for complete space planning services.

Study Carrels & Long Desks

ASCO's study carrels are perfect for libraries, classrooms and exam rooms. Long desks are a great solution for group seating, lecture halls and creative office work spaces. At 9ft (108 inches), they can seat up to 4 people and are available in a variety of Series styles.

Collaborative sets use our TU series in combination with ASCO's SHAPES™ work surfaces to create collaborative stations that can be joined in a variety of combinations to maximize learning spaces. We've highlighted the most popular options below
