Grommets

The GP Series is a general purpose table that is used most frequently by school boards as a specialty education table or student desk. It comes standard with 1.25" square legs and a 3" apron.

It is perfect for use in collaborative settings, classrooms or for special education needs and is most often ordered with adjustable legs. Perfectly flexible, it is ideal for collaborative settings and can be designed to include the SHAPES™ work surfaces, like the infinity and eternity combinations.

The ST series is the ideal student, classroom or office desk, featuring 1.25" legs welded to a 1.25" frame. Perfectly upgradable, you can improve the look of this table by choosing an oasis upgrade with customized modesty panels and gables using ASCO's own CHANNELS system. This series can even be expanded into further luxury with 2" square legs and a 2" frame.

Add a customized elevate rear upright for privacy and added aesthetic appeal..
